

# ALLEGHANY REGIONAL COMMERCE CENTER

## SITE DETAILS

Commerce Center and Winterberry Avenues  
Covington, VA

104 total acres  
50 developable and contiguous acres

M-1 Industrial zoning

## ABOUT THE SITE

Alleghany Regional Commerce Center (ARCC) offers a unique opportunity to establish or expand your business in one of Southwest Virginia's most scenic areas. With incredible access just one mile from Interstate 64, this publicly-owned business park offers "ready-to-go" development options and a wide-reaching labor draw for manufacturing, healthcare and pharmaceuticals, logistics, food and beverage, and other mission critical operations.

Thanks to a cooperative partnership between Alleghany County and the City of Covington, significant investments in engineering studies, master planning, and infrastructure design and development have already been made. And, with industrial zoning in place and the required environmental permits in-hand, contractors can be mobilized quickly.

With impressive broadband capacity, an affordable tax structure, and modest cost of living, Alleghany Regional Commerce Center is an attractive and profitable location for both your business and your employees. So, if you're looking for a new home just an hour from Roanoke, Virginia, this is the place for you!
